If a Claims Agent is employed in a case, a record of a filed Proof of Claim *is not* stored in the court's Claims Register. These Proofs of Claim are retained by the agency of the Claims Agent. The Assignment/Transfer of Claim (Claims Agent) event ([Bankruptcy > Claim Actions > Assignment/Transfer of Claim (Claims Agent)]) is a new event for electronic filers to file Assignment/Transfer of Claim in a case in which a Claims Agent is employed (see Figure 7).

Users are able to search by a Party's Last Name and/or Case Number; the inclusion of a Party's First Name as search criterion is optional (see Figure 10).

Figure 10

Once a case is located, the information is categorized by the Attorney(s) associated with the case, all Parties associated with the case, pending Deadlines/Hearings and Docket Entries (see Figure 11). Select the corresponding link to view information. The Docket Entries category displays the total number of entries for a case in the right hand column (see Figure 11).

Figure 11

The **Docket Entries** category takes users to an abbreviated docket report. Users are able to run a text search of the Docket Report within Mobile Query to locate a specific entry or search for an entry by a Filed Date range. Keep in mind, if you select items within Mobile Query, PACER fees apply.

Additionally, users can access the Mobile Query for a specific case <u>after</u> you have run a query. Once you enter search criteria for a case, click Run Query. Once you have found the correct case, click on the link for Mobile Query (see Figure 12).

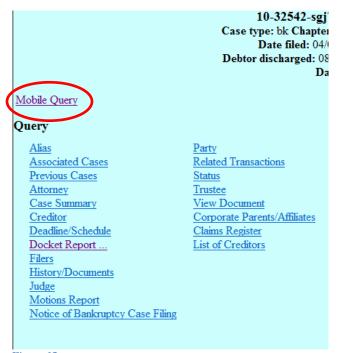

Figure 12

This link takes you directly to the Mobile Query Version of the selected case (see Figure 13).
